Investment Commentary

The pre-tax NTA for the month of November increased by 1.97% to \$1.4075. Billabong International Limited (BBG) made a significant and welcome contribution during the month, continuing post month end on the back of an opportunistic non binding indicative \$1.00 takeover proposal by Boardriders Inc. (owner of Quiksilver and controlled by Oaktree Capital Management LLC). This situation has much to play out in our minds as we fundamentally oppose this opportunistic and derisory offer which grossly undervalues our investment in BBG. We added to our holding in Aurelia Metals Limited, now disclosed due to its portfolio weighting exceeding 5%. There were no material additions or deletions during the month, although additional cash was put to work on a net basis adding to existing smaller positions. The balance of the portfolio continued to make a positive contribution as a whole.
